Invitation for Competitive Sealed Bids
Addendum 2

Solicitation Number: K#19-02 Servers and Network Infrastructure
Procurement Coordinator: Carole Swiecicki, Ph.D.
Phone: 843-723-3600
E-mail address: cswiecicki@deenortoncenter.org

This Addendum is in response to the following questions:

1. I wanted to confirm if there are registration requirements that we need to adhere to prior to submitting our quote proposal?
2. Also, the VOCA-Sealed-RFP_Servers_Network-Infrastructure.pdf is giving us an error to the link, would you have the RFP request available to send us?
3. Is there a vendor registration process and application you can provide or can we simply just submit our company's W'9 along with the bid proposal?

Responses:

1. All information for guiding the submission is in the RFP, there are no additional registration requirements.
2. It is noted that the link you sent worked for us upon clicking. However, the RFP is also available here: https://deenortoncenter.org/wp-content/uploads/2019/04/VOCA-Sealed-RFP_Servers_Network-Infrastructure-1.pdf
3. All information for guiding the submission is in the RFP, there are no separate registration or application processes.
